Quick Guide to Internet Banking Cash Management Functions

Bill Payments

Pay bills to any payee without writing a check. Bill Payments are deducted from your account on the scheduled date and forwarded directly to the payee on the following business day. Payees who have a pre-arranged agreement with our payment processor may receive payments electronically. Electronic payments will be credited to your account with the payee, within 3 business days. If your payee does not have an electronic agreement with the processor, a paper draft will be issued and mailed to the address you provide. To allow sufficient time for postal delivery and processing by the payee, you should allow 5-8 business days for paper draft payments.

Payroll

Payroll is a batch ACH (Automated ClearingHouse) transaction that allows you to schedule the direct deposit of your employee payroll. This can be an important benefit to your employees. In order to be assured that funds will be available to the recipient on the morning of the effective date, Payroll items must be submitted two business days in advance of the effective date. (The Internet Banking System will accept transactions with an effective date of the next business day, however this may result in funds not being available to the recipient on the morning of the effective date, and therefore is not recommended.) You must have available funds in the pay from account to submit payroll transactions.

ACH Payments

ACH Payments are individual ACH credits that allow you to make payments, or transfers directly to accounts at other financial institutions. In order to be assured that funds will be available to the recipient on the morning of the effective date, ACH Payments must be submitted two business days in advance of the effective date. (The Internet Banking System will accept transactions with an effective date of the next business day, however this may result in funds not being available to the recipient on the morning of the effective date, and therefore is not recommended.) You must have available funds in the pay from account to submit ACH Payment transactions.

Collections

Collections are batch ACH transactions that allow you to initiate debits from multiple accounts to collect money for periodic dues or other fees, for deposit in your Bank of Castile account. You must have written approval, signed by the accountholder before processing any Collection transactions. Collections must be submitted one business day before the effective date.

ACH Receipts

ACH Receipts are individual ACH debit transactions that allow you collect individual payments directly from the bank accounts of others, or from your own accounts at other financial institutions, for deposit to your Bank of Castile account. You must have written approval, signed by the accountholder before processing any ACH debit transaction. ACH Receipts must be submitted one business day before the effective date.

EFTPS Tax Payments

With EFTPS Tax Payments you can submit your Federal and many State tax payments online. All tax payments must be submitted one business day in advance of the effective date. You must have approval from the Internal Revenue Service and/or the appropriate State Tax authority before paying your taxes through EFTPS. You must have available funds in the pay from account, in order to submit Tax Payment transactions.

Send a File

The "Send a File" function is an alternate way of delivering all forms of ACH transactions using the Internet Banking System. If you use other accounting software that creates an ACH formatted file, this function provides for secure delivery of the file, eliminating the need to individually enter transactions in the Internet Banking System. In order to be assured that funds will be available to the recipient on the morning of the effective date, all ACH credit items must be submitted two business days in advance of the effective date. You must have written approval, signed by the accountholder before processing any ACH debit transaction.

Supervisor Functions

Each business assigns an individual to be the Internet Banking Administrator. The Administrator has full access to all accounts and functions that are established for the company. In addition, the Supervisor Functions allow the Administrator to establish and maintain the access levels, and functional authority of all other authorized Users for the company. This important tool provides the ability to impose dual control over the cash management functions, and the ability to limit each User's access to the specific accounts, functions and dollar limits that you want them to perform. The Administrator can adjust these access levels at any time, providing you with maximum control, convenience and flexibility.

Authorize Transactions

The Authorize Transactions function provides the ability to submit cash management transactions that are entered into the Internet Banking System by other authorized users. By assigning some users the ability to setup and/or draft certain cash management transactions and other users the ability to authorize those transactions, you can impose appropriate controls easily and effectively. Transactions can be scheduled by a user, but are not submitted to the bank for processing until they are properly authorized.

Wire Transfer and International Wire

Submit requests for Wire Transfers quickly, easily and safely through Internet Banking. IMPORTANT: All requests must be submitted by the established cutoff time for same day processing. Wires to US financial institutions are generally received the day they are processed. International Wires may take several days to complete depending on the specific destination.

3. **Account Access and Security.**

Tompkins will issue to the Administrator, and may issue to any other Authorized User(s), a temporary password, by e-mail, in order for You to access the Internet Banking System.
 - b. If any password for any login ID of an Administrator or Authorized User is entered incorrectly three (3) consecutive times, Tompkins may revoke Your access to that login ID or take such other action as Tompkins determines to be appropriate in its sole discretion. To re-establish access to any login ID, the Administrator must initiate a reset of the password via the login screen or contact Tompkins to obtain a new temporary password.

- c. You understand the importance of protecting the security of any login IDs and passwords and accept full responsibility for the confidentiality and security of any login ID and password of the Administrator and of any other Authorized User. Any advice or requirements for such login IDs or passwords provided by Tompkins or any other party shall not constitute any representation or warranty of Tompkins with respect to the security of such login IDs or passwords.
 - d. Tompkins may, but is not required to, elect to verify the authenticity or content of any instruction or action made by You through the Internet Banking System. If Tompkins is unable to verify an instruction to its satisfaction, it may reject the instruction in its sole discretion.
 - e. Tompkins is authorized to rely on instructions received from and actions made by any person using the login ID and password of the Administrator or, as applicable, of an Authorized User. The instructions received from and actions taken by any person using such a login ID and password shall be deemed effective as if made by someone authorized to act on behalf of You, and You agree that Tompkins will not be responsible for any loss that results from such instructions that Tompkins receives from or other actions taken by such persons as if someone authorized to act on behalf of You had provided such instructions or had taken such actions.
 - f. You shall notify Tompkins promptly if You have knowledge of or suspect (i) any unauthorized use of the access device, login ID and password of the Administrator or of any other Authorized User, or (ii) that the security of any such login ID and/or password has otherwise been compromised in any way.
 - g. Tompkins reserves the right to terminate or revoke Your access to the Internet Banking System or any Services at any time and/or to impose any additional terms and conditions on Your access to and use of the Internet Banking System and the Services, for any reason deemed appropriate by Tompkins in its sole discretion, including without limitation any prolonged period of inactivity, unauthorized use of any login ID or password of Your administrator or other Authorized User, or concern with the security of a login ID or password or any of Your accounts or the Internet Banking System.
4. **Availability.** So long as You are authorized to access the Internet Banking System, You may do so seven (7) days a week and twenty-four (24) hours a day in accordance with the terms of these Terms and Conditions; provided, however, that not all of the Services will be available at all times and Your access to the Internet Banking System may, from to time, be generally unavailable for system maintenance or because of other technical issues. Transfers between different accounts of Yours with Tompkins submitted after 7:00 p.m., Bill Pay requests submitted after 4:00 p.m., wire transfers submitted after 1:00 p.m. and all other transaction requests submitted after 3:00 p.m. will be considered submitted on the next Business Day, as hereinafter defined, that Tompkins is open. For purposes of these Terms and Conditions, "Business Day" shall mean every day that is not a Saturday, Sunday or a federal holiday.
5. **Services Offered.** The Services provided under these Terms and Conditions to You include, but are not limited to and are subject to change without notice to You, (i) the ability to view the balance of Your accounts with Tompkins, (ii) the ability to view account transaction histories, (iii) the ability to transfer funds between Your different accounts with Tompkins, (iv) the ability to order checks, (v) the ability to make stop payment requests, (vi) the ability to view images of cleared checks for a minimum of ninety (90) days, (vii) the ability to change Your address, (viii) Internet bill payment services if You have a checking account with Tompkins, and (ix) any and all optional cash management and other Services made available by Tompkins from time to time, which You have selected and for which You have been approved and authorized by Tompkins to use, including without limitation Automated Clearing House ("ACH") credit and debit originations, wire transfer requests and additional security features and controls. All optional ACH and wire transfer services provided by Tompkins are subject to assigned daily limits and approval by Tompkins, in its sole discretion. Whenever You use any optional cash management Services, You agree to utilize fully all security features and controls available under the optional cash management Services, but Tompkins does not provide any warranty for such security features and controls in any way and Your use of such security features and controls shall not affect any obligation You have under these Terms and Conditions.
6. **Stop Payments and Cancellations.** Any stop payment request submitted via the Internet Banking System for a check written on an account of Yours must be confirmed by notice by means set forth in the Prior EFT Disclosures within fourteen (14) days or such stop payment request shall expire and be of no further effect. To cancel a scheduled bill payment using the Internet bill payment services included in the Services, You must cancel the payment online no later than 3:00 p.m. on the date the payment is scheduled to be made. You cannot cancel a bill payment once it has been debited from an account of Yours. If the payment is made by paper draft, You *might* be able to stop the payment by calling the Internet Banking Department of Tompkins before the draft has cleared. In order for Tompkins to

determine if payment *might* be stopped, You must clearly identify the payment by providing the payee, the payee assigned account number (if any), the amount, the scheduled date of the payment, and/or the Internet banking identification number assigned for the payment.

7. ACH Originations.

- a. Tompkins will transmit and process ACH debits and credits in accordance with the rules of the National Automated Clearing House Association ("NACHA") as currently in effect and as amended from time to time (the "Rules"). You shall be bound by and comply with the Rules as well as the provisions of these Terms and Conditions. A copy of the Rules may be obtained from the web site of the NACHA. ACH submissions by You are also subject to all applicable laws, rules and regulations, including but not limited to those promulgated by the United States Treasury Department's Office of Foreign Assets Control ("OFAC"). You represent and warrant that You are not on OFAC's list of Specially Designated Nationals and Blocked Persons ("SDN List"), and that You shall not engage in transfers to, from, or on behalf of, any party on the SDN List.
- b. In the case of a credit entry subject to Uniform Commercial Code ("UCC") Article 4A, Tompkins will provide You with notice of the following:
 - (i) the entry may be transmitted through the ACH;
 - (ii) Your rights and obligations concerning the entry shall be governed by and construed in accordance with the laws of the State of New York, unless You and Tompkins have agreed that the laws of another jurisdiction shall govern Your rights and obligations;
 - (iii) credit given by the receiving depository financial institution ("RDFI") to the recipient authorizing the transaction ("Receiver") for the entry as provided in UCC Article 4A, subsection 4.4.1 (Availability of Credit Entries to Receivers) is provisional until the RDFI has received final settlement through a Federal Reserve Bank or otherwise has received payment as provided for in Section 4A-403(a) of UCC Article 4A; and
 - (iv) if the RDFI does not receive such payment for the entry, the RDFI is entitled to a refund from the Receiver in the amount of the credit to the Receiver's account, and You will not be considered to have paid the amount of the credit entry to the Receiver.
- c. Before initiation of an ACH credit or debit to the account of a "Consumer", which shall mean the person whose account is being credited or debited by You, You will obtain written authorization from the Consumer to make such entries to the Consumer's account. In the case of ACH debits, You shall provide the Consumer with a copy of the authorization as required by the Rules. You will retain the original or a copy of the authorization and will furnish such authorization to Tompkins upon request of Tompkins. Before initiation of ACH credits or debits to the Consumer's account, You will also send pre-notification in the appropriate format, within the time limits prescribed in the Rules or by Tompkins. If You receive notice that a pre-notification or ACH entry has been rejected by the receiving financial institution, You will not submit further entries until the cause for rejection has been corrected and another pre-notification has been submitted and accepted within the prescribed time limits. In the event that You initiate or are scheduled to initiate credit entries to a Consumer's account at least once every sixty (60) days, including but not limited to credit entries representing the payment of salary or wages to the accounts of the Consumer's employees, You shall furnish to each such Consumer a detailed statement and notice that the electronic credit entry has been initiated no later than the day said Consumer's account is due to be credited by Tompkins. Should You wish to change the amount or date of billing of an electronic debit entry in respect of any Consumer, You shall mail or deliver written notice to the Consumer at least ten (10) days before such electronic debit entry is to take place, advising the Consumer as to the amount and the scheduled date of the electronic debit entry; provided, however, should You inform a Consumer of his/her right to receive notice of all electronic debit entries varying in amount and the Consumer elects to receive such notice only when an electronic debit entry does not fall within a specified range of amounts (which shall in all respects be reasonable) or, alternatively, only when an electronic debit entry differs from the most recent electronic debit entry by more than an agreed upon amount (which shall in all respects be reasonable), then You shall mail or deliver written notice to the Consumer in accordance with such election. Notice of change in the date of billing of an electronic debit entry, however, shall be mailed or delivered to the Consumer under all circumstances. You shall comply strictly with

the provisions of this paragraph. You understand that Tompkins will be relying upon such agreement and compliance in order that Tompkins may comply with federal and state laws and regulations with respect to electronic fund transfers.

- d. You will prepare and submit all ACH credit and/or debit entries in accordance with the time schedule provided by Tompkins. You will be responsible for the correctness both as to content and to form of all entries submitted. If Tompkins determines that any information cannot be processed for any reason, Tompkins will notify You. You will correct the information as required and re-submit the information to Tompkins in accordance with the schedule provided by Tompkins.
- e. You will maintain a demand deposit account ("Deposit Account") with Tompkins. All ACH credit and debit entries are provisional and Tompkins may charge or credit Your Deposit Account for any returned or rejected entries. You will maintain an available balance sufficient to cover all ACH transactions submitted. If Tompkins processes any transactions submitted by You for which it has not received full settlement, the amount of such transaction shall become immediately due and payable by You to Tompkins, and Tompkins shall have the right to charge that amount to any account of Yours with Tompkins, or to receive an immediate and full refund from You.
- f. If You use the Internet Banking System to send ACH formatted files, You will provide the effective date of the file, the number of transactions in the file, and the total dollar amount of the file, in the manner and format prescribed by Tompkins.
- g. If You discover that any entry You have initiated was in error, You may notify Tompkins of such error and Tompkins will utilize commercially reasonable efforts on behalf of You, consistent with the Rules, to correct the entry. Additional fees may apply for reversals and transactions originated by Tompkins on Your behalf to correct such errors. In all such cases, it shall be Your responsibility to notify Your affected Consumers in writing, prior to the time the correcting entry is transmitted, that an entry has been made which is at variance with the Consumer's authorization or is otherwise erroneous and the reason for the correction that is to be made.
- h. In the event that a Consumer alleges an "error" as that term is defined in Section 205.11(a) of Federal Reserve Board Regulation E, You shall provide to Tompkins all documents and information in Your possession or control and all other assistance requested by Tompkins in a timely fashion in order to permit Tompkins to fulfill its obligations, if any, under Section 205.11 of Federal Reserve Board Regulation E.
- i. You understand and agree that Your ACH transactions are subject to pre-approved exposure limits, and that transactions in excess of such exposure limits may be rejected. In addition, certain types of ACH transactions (including, without limitation, certain international transactions) may be restricted or prohibited.
- j. Tompkins retains the right to terminate or suspend Your ability to initiate ACH transactions if it suspects, in its sole discretion, that You have breached, or there is a threat that You will breach, the Rules. You agree that Tompkins has the right to audit Your compliance with the Rules, these Terms and Conditions, and any additional agreements You and Tompkins make with respect to your initiation of ACH transactions. These audit rights shall also apply to any Third-Party Senders (as defined in the Rules) engaged by You, and you agree to cause such Third-Party Senders to cooperate with Tompkins in the event of such an audit.

8. Wire Transfer Requests.

- a. Wire transfer requests submitted by You are subject to all applicable laws and regulations of the United States of America, including but not limited to the Patriot Act and OFAC, and all applicable laws and regulations of the State of New York. You represent and warrant to Tompkins that You are not on the SDN List, and that You shall not engage in transfers to, from, or on behalf of, any party on the SDN List.
- b. Tompkins provides for dual control of wire transfer submissions, whereby authorizations from two of Your Authorized Users are required in order to submit wire transfer requests, and further controls that require positive verification of wire transfer amounts by the second party prior to submission. You agree that these are commercially reasonable and acceptable security controls and You further agree to implement these controls for wire transfer submissions.
- c. You understand that the numbers assigned to banks and to the accounts of recipients are critical to the transfer function. If You make an error in providing such numbers, the error may cause the

transfers to be made through the bank or account specified by the provided routing or account number, rather than the named or intended bank or recipient. You will be responsible for the full amount of the transfer in any such case and Tompkins will not be responsible for any error made by You.

- d. You may ask Tompkins to amend or cancel requested transfers and Tompkins agrees to use commercially reasonable efforts to honor such requests if they are received in a time and in a manner that gives Tompkins a reasonable opportunity to act on the request before the transfer has completed. If You ask Tompkins to attempt recovery of funds that have already been transferred, Tompkins shall be under no obligation to do so unless and until You deposit with Tompkins, or provide other assurance of payment satisfactory to Tompkins, an amount determined in good faith by Tompkins to approximate the costs and expenses, including attorney fees, which Tompkins may incur in attempting to recover the funds. Upon such deposit or satisfactory assurance, Tompkins will take such actions as it deems reasonable, in its sole discretion, to attempt recovery. In no event shall Tompkins be deemed to guarantee or otherwise assure successful recovery of the funds in full or in part, nor to have accepted responsibility for any amount transferred before Tompkins received and had reasonable time to act on a request to amend or cancel the transfer.
- e. If You request a transfer of funds in any currency other than US Dollars, Tompkins will convert the currency at Tompkins' current exchange rate for the specified currency. If any funds are returned to You in any currency other than US Dollars, Tompkins will convert the funds based on Tompkins' exchange rate for that currency at the time of return. If Tompkins does not have exchange rates for the currency involved, Tompkins will use its commercially reasonable efforts to have the currency converted promptly through reasonable commercial and/or banking channels, and You will pay a reasonable fee to Tompkins for such services. In no event shall Tompkins be liable for any losses resulting from currency conversions effected by Tompkins in good faith, within a reasonable time after receiving the funds for conversion.
- f. You shall pay all charges that Tompkins may impose for transfers made under this Section 8 and that Tompkins may incur for following related instructions. You shall also reimburse Tompkins for any expenses incurred by Tompkins in carrying out Your instructions or requests.

9. **Sufficient Funds.** You agree to maintain sufficient funds in Your accounts with Tompkins to cover any transfers or payments or other debits initiated through the Internet Banking System.

In the performance of the services required by this Agreement, Bank shall be entitled to rely solely on the information, representations, and warranties provided by Company pursuant to this Agreement, and shall not be responsible for the accuracy of completeness thereof. Bank shall be responsible only for performing the services expressly provided for in this Agreement, and, to the fullest extent authorized by law, shall be liable only for its negligence of willful misconduct in performing those services. c. Without limiting the generality of the foregoing provisions, Bank shall be excused from failing to act or delay in acting if such failure or delay is caused by legal constraint, interruption of transmission or communication facilities, equipment failure, war, emergency conditions or other circumstances beyond Bank's control. In addition, Bank shall be excused from failing to transmit or delay in transmitting an Entry if such transmittal would result in Bank's having exceeded any limitation upon its intra-day net funds position established pursuant to present or future Federal Reserve guidelines or in Bank's reasonable judgment otherwise would violate any provision of any present or future risk control program of the Federal Reserve or any rule or regulation of any other U.S. governmental regulatory authority.

d. 20. Payment for Services. Company shall pay Bank the charges for the services provided in connection with this Agreement, which fees are posted on Bank's website. All fees and services are subject to change upon thirty (30) calendar day's prior written notice from Bank to Company. Such amendments shall become effective upon receipt of notice by Company or such later date as may be stated in Bank's notice to Company.

22. Notices, Instructions, Etc.

a. Except as otherwise expressly provided herein, Bank shall not be required to act upon any notice or instruction received from Company or any other person, or to provide any notice or advice to Company or any other person with respect to any matter.

The names and signatures of Authorized Representatives are set forth in **Exhibit A** attached hereto. 24. Records. All Entries, security procedures and related records used by Bank for transactions contemplated by this Agreement shall be and remain Bank's property. 25. Evidence of Authorization. Company shall obtain all consents and authorizations required under the *Rules* and shall retain such consents and authorizations for two years after they expire.

26. Cooperation in Loss Recovery Efforts. 27. Termination. Company may terminate this Agreement at any time. Such termination shall be effective on the second business day following the day of Bank's receipt of written notice of such termination or such later date as is specified in that notice. Bank reserves the right to terminate this Agreement immediately upon providing written notice of such termination to Company. Any termination of this Agreement shall not affect any of Bank's rights and Company's obligations with respect to Entries initiated by Company prior to such termination, or the payment obligations of the Company with respect to services performed by Bank prior to termination, or any other obligations that survive termination of this Agreement.

28. Entire Agreement. This Agreement (including the Exhibits attached hereto), together with the Account Agreement, is the complete and exclusive statement of the agreement between Bank and Company with respect to the subject matter hereof and supersedes any prior agreement(s) between Bank and Company with respect to such subject matter. In the event of any inconsistency between the terms of this Agreement and the Account Agreement, the terms of this Agreement shall govern. In the event performance of the services provided herein in accordance with the terms of this Agreement would result in a violation of any present or future statute, regulation or government policy to which Bank is subject, and which governs or affect the transaction contemplated by this Agreement, the this Agreement shall be deemed amended to the extent necessary to comply with such statute, regulation or policy, and shall incur no liability to Company as a result of such violation or amendment. No course of dealing between Bank and Company will constitute a modification of this Agreement, the *Rules*, or the security procedures or constitute an agreement between the Bank and Company, regardless of whatever practices and procedures Bank and Company may use.

29. Non-Assignment. Company may not assign this Agreement or any of the rights or duties hereunder to any person without Bank's prior written consent.

30. Nonwaiver. Bank may, at its discretion, elect to forego enforcement of any provision of this Agreement. No course of conduct by the Bank shall be construed as a waiver of Bank's rights to enforce or rely upon this Agreement. Any such waiver shall not affect Bank's rights with respect to any other transaction or modify the terms of this Agreement.

31. Binding Agreement; Benefit. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors and assigns. This Agreement is not for the benefit of any other person, and no other person shall have any right against Bank or Company hereunder.

ORIGINATING CCD ENTRIES:

The CCD SEC Code is used for credit or debit entries where funds are transferred between unrelated corporate entities, or transmitted as intra-company cash concentration and disbursement transactions.
